

# Textiles

Textiles at Runshaw is an exciting, dynamic and challenging subject where students are encouraged to create to their maximum potential using high quality specialist resources and equipment with help and support from highly trained technicians.

A wide variety of fashion skills and textile techniques are taught by industry experienced tutors, including; pattern cutting and garment construction for fashion, machine and hand embroidery, Applique, felt making, embellishment, batik, surface pattern design, print techniques including mono print, lino print and screen printed fabrics for fashion and interiors.

Alongside studies, creative textile and fashion workshops are held by visiting practising designers to encourage student links with industry.

Former Runshaw Textile students go on to highly successful careers in the industry both in this country and

in Europe. This includes; Fashion design, Textile design, Fashion Buying and Merchandising, Fashion Styling and Fashion Promotion to name but a few. One particular former student achieved going on to an internship at Dior in Paris, and another working as a menswear designer for Scotch and Soda in Amsterdam. One other rather entrepreneurial student sold their own range on ASOS.com!

Following their A level textiles course students can progress on to University to an Art related degree course or through the pre degree Foundation Diploma in Art and Design, before going on to University.

If a future career in the design and fashion industries or further studies in Art and Design interest you, then A Level Textiles is for you. You will find all the resources and equipment you need here at Runshaw, and our excellent student mentoring system for students allows access to extra support as and when you require.

**91%**  
A\*-B grades

**35%**
