High Grades

# A Level Business

All Business students at Runshaw College enjoy success. Our students achieve some of the best results in the country, with pass rates and high grades well above the national average. In our most recent OFSTED inspection we were graded as Outstanding and in the report it was noted that "There is something special about Business at Runshaw!"

We believe that learning should not be restricted to the classroom, so we try to provide lots of opportunities to get into the real world. Visits to Jaguar Land Rover, Museum of Brands, The Bank of England (London), both Lamborghini and Stella Artois in Florence, plus NASDAQ and the Federal Reserve in New York are just some of the opportunities that have taken place in the past few years.

More than any other subject, Business gives you the chance to potentially earn more in your lifetime, as well as the opportunity to really see if you have what it takes to be the next "Richard Branson" or "Indra Nooyi". International firms such as Barclays and BAE systems regularly recruit our students onto their sponsored degree and apprenticeship programmes, and by participating in exciting schemes and competitions such as "Micro Tyco" or the "Share Investment Challenge", you can practice your enterprise and employability skills and work on business start-ups that just might be the start of something big!

Our tutors have specialist knowledge and skills that are passed on in the classroom through creative learning opportunities. We use a wide range of teaching approaches and incorporate the use of our VLE (Moodle) and social media to keep you up to date with the very latest resources and case study materials.

A Level Business develops crucial life skills such as money management and communication skills. In choosing A Level Business, rest assured that we will do our utmost to make sure that you enjoy and achieve whilst studying with us.
