

Strategic Goals 2020-21

Equality and Diversity

Equality of Opportunity and Celebration of Diversity

Strategic Goal: To further improve the celebration of diversity and equality of opportunity for all, removing barriers to learning and work wherever reasonably practicable.

The key approaches for students and staff will be to:

- i. continue to meet and exceed our legal requirements to support and promote inclusivity, equality and diversity;
- ii. continue to refine and enhance our wellbeing and mental health strategies for both staff and students;
- iii. review and further improve our strategies to inform and celebrate equality and diversity and British values across all aspects of college life.
