Level 1-2-3 Computing & IT

The range of Computing & IT vocational qualifications available at Runshaw give learners at all levels a good grounding in all aspects of the subject, and will provide the means to study a specialist area when either moving on to university, progressing into employment or continuing with training on an apprenticeship. Over the course you will experience a variety of units chosen with current trends and demands in mind. Teachers at Runshaw are highly experienced and are also dedicated to making the time students spend with us both successful and enjoyable. Enrolling on a vocational course means you will have a 100% Computing & IT timetable and be part of a winning team!

Good communication skills are essential for each course, but most importantly you must have a passion for the subject and a willingness to be creative and dedicated. There may be choices of specialist unit that include programming for those learners who demonstrate their ability.

The BTEC Level 1 Diploma has been designed to provide a broad educational basis for further training, further education or for moving into appropriate employment within the IT sector.

The Level 2 Transition course is mostly practical, with theory to underpin your understanding and prepare you for external assessment, and is delivered through a combination of lessons and practical workshops. You will study a variety of topics and develop key skills in Data Analysis, Cyber Security and Programming.

The BTEC Level 3 Extended Diploma in IT is intended to give learners a good grounding in all aspects of computing and will provide the means to study a specialist area at university. The two year course is split into 3 semesters, once you complete the mandatory IT qualification in semester 1 you will have the option to tailor your course to your own interests. You will be able to opt for additional IT and Computing modules or a specialism in Esports in Semesters 2 and 3. If you have a passion for computers, and are excited by the thought of a 100% Computing and IT timetable, then choose Vocational IT here at Runshaw.
