Access to HE Paramedic Science

Helping to improve lives through care, support and education, a career in the Paramedics Science is extremely fulfilling.

During this one year course you will be well supported by an expert team who are student-centred and will help you move onto University studies in just 12 months. The course gives you the opportunity to apply for a degree in Paramedics Science or to secure a student Paramedic position with an ambulance service trust.

Duration

34 weeks part-time.

Price

£3,384*

Learning Method

This course is currently fully delivered in the classroom. This is regularly reviewed.

What will I learn?

- Aspects of Human Physiology including the systems of the human body
- The structure of function of the muscular skeletal system
- How the body reacts to infections
- Health Studies, the causes of illness and health promotion
- Healthcare professionals and their roles within the multidisciplinary team
- Higher Education Toolkit - Study skills to support your university application and successful completion of an academic essay

You will also plan and carry out a research project and develop your study skills in: note taking, planning/structuring essays, critical and creative thinking and effective referencing.

Entry Requirements

GCSE English Language, Science and maths at grade A*-C/9-4. Some Universities require students to have a full UK manual driving licence, with no more than 6 points.

Please be aware that if your long-term goal is to work within the healthcare professions, it will be necessary to undergo a Disclosure and Barring Service (DBS) check at your place of employment. If you have a criminal conviction this may exclude you from working in some job roles.

Course units

Infectious Diseases

Role of the Paramedic

Mental Health Issues

Aspects of Human Physiology

Why should you study at Runshaw?

- Guest speakers from industry who often bring in up-to-date equipment and vehicles
- Between 30% and 40% of students each year get the highest grade
- 50% of students gained University places on BSc in Paramedic Science, the remaining students have gained places on other health related courses

Progression

On successful completion of this course you will be able to progress to a higher-level qualification / degree.

It is important that prior to enrolling you research and contact the institution you wish to progress to, to ensure you are aware of the entry requirements for your chosen progression route and that this access course will be accepted as an entry requirement.
